

Teachers at The Chantry School say:

“The ‘Accelerated Reader’ programme provides a wonderful opportunity for teachers to discuss reading tastes and experiences with pupils.”

“The data provided by the programme allows us to clearly see how reading is progressing. We can then use it to praise and encourage our students. It helps to keep them motivated.”

Students at The Chantry School say:

“It is enjoyable because you get to spend time just reading. You don’t always have time for this otherwise.”
(Year 7 pupil)

“You get instant feedback on the quiz, so you know straight away exactly how much your reading has improved.”
(Year 8 pupil)

“If I’ve really enjoyed a book, it inspires me to want to read similar books or books by the same author.”
(Year 8 pupil)

“There are many little ways to enlarge your child’s world. Love of books is the best of all.”
