

# Science

Combined Science Biology	Combined Science Chemistry	Combined Science Physics
Cell Biology Organisation Communicable and non-communicable disease. Photosynthesis Respiration Preventing disease	Atomic structure and the periodic table Bonding structure, and the properties of matter Quantitative chemistry Chemical changes Energy changes. Electrolysis	Energy Electricity Particle model of matter Atomic structure. Radioactivity

Triple Science Biology	Triple Science Chemistry	Triple Science Physics
Cell Biology Organisation Communicable and non-communicable disease. Photosynthesis Respiration Preventing disease	Atomic structure and the periodic table Bonding structure, and the properties of matter Quantitative chemistry Chemical changes Energy changes. Electrolysis	Energy Electricity Particle model of matter Atomic structure. Radioactivity
