10th May 2019

Dear Parents/Carers

The Year 10 exams commence on Monday 17th June. Whilst these are not external examinations, our aim is to give pupils the opportunity to experience an examination environment as well as demonstrate their progress so far on their GCSE courses. It is important pupils adopt a positive and mature attitude both for their preparation and conduct in the exams.

Building upon the Year 10 Curriculum evening we did in September, it is important pupils establish good learning habits and invest the time now so they can complete quality revision and reduce any stress and anxiety they may feel when sitting their exams. Therefore, for the next few weeks, we will be focussing future assemblies and tutor times on how pupils can best use their time to revisit topics they will have studied at the start of Year 10, sometimes even Y9.

To complement the support we will be giving in school, we would like to signpost you to some useful guidance such as revision methods, timetables and subject specific revision activities to help pupils prepare. You can find all of this information on the school website under Parent and Pupil information: Exam support.

Please discuss the importance of these examinations at home and the expectation to adhere to the formal examination conduct - which will be explained to them at the start of every exam.

Pupils will be issued with exam timetables the week commencing 20th May

If you have any queries, please do not hesitate to contact us.

Yours sincerely

Mr A Stone
Head of Year 10
