

KEY STAGE 3 Homework

Weekly homework: – English, Maths, MFL, Science

Fortnightly homework: Geography, History, ICT, RE

We have tried to spread the slots equally to encourage pupils to manage their time effectively as well as ensure a balance between study and relaxation. At KS3, it is reasonable to expect pupils to spend 30 minutes on each homework task.

All subjects may from time to time set discrete homework tasks, including revision/revisiting subject content for in class assessments.

These tasks will either complement their classwork or prepare them for future learning. It is our intention to sometimes provide a homework task where there have to acquire completely new knowledge and even new skills. Often there will be an element of research, problem solving and applying new learning.

Design And Technology Extended Learning Task	Week Commencing 21st Oct commencing 25th Nov		Due date: Week	

KEY STAGE 4

At KS4 it is reasonable to expect pupils to spend at least 45-60 mins on each homework task, and this will increase as examinations approach. Again, subjects may from time to time set discrete homework tasks, including revision/revisiting subject content for in class assessments.

A good habit to establish is to frequently review and relearn subject content from lessons on a regular basis.
