19th September 2023

Dear Parents/Carer

Year 10 have all been invited to attend "Dying to Drive" at school during the day on Thursday 28th September. The presentations and group workshops are about road safety- aimed at young people who are soon going to be able to drive, or be passengers in cars where young people are driving. The sessions will involve a number of road awareness workshops and activities to promote road safety. In the past this has taken a format of: a road traffic accident reconstruction and interactive small group sessions lead by the fire service, ambulance service and police service.

It is expected that all pupils in Year 10 pupils will attend the sessions:

Ank, Bre, Cot: during periods 2 and 3

Kin, Mal, Woo: during period 4 and 5

In previous years I received excellent feedback from pupils following the school's attendance to a similar programme at Worcester fire station. We consider the experience and guidance provided vitally important for our year 10's, Furthermore, it is presented in a way that engages young people.

The most recent data available shows there is an increasing annual trend of incidents and fatalities in the UK, involving young people. I know some pupils may have been affected by this. If you have any questions or concerns about the content that you would like to discuss or if you think your child may be upset by it then please do not hesitate to contact me.

Pupils will need to bring their books for the lessons that they will be attending on the day.

Please complete this [online form](#) giving your consent for your child to attend the sessions

Yours sincerely

Mrs Kate Miles

Head of Year 10
